

1 Another thing some of them objected to was the fact that  
2 removals were made at the last minute and in that amend-  
3 ment we have provided that they shall be removed upon  
4 the filing, within a reasonable time prior to trial, as  
5 provided by law or by the Court of Appeals by rule, and  
6 we think that that overcomes the objection. In fact,  
7 some of them who were violently opposed to the committee's  
8 original amendment are co-sponsors on this. You will  
9 notice we have thirty-two people on this. We have tried  
10 to reach a lot of the people who had objection to the  
11 original draft of Section 8 and I do hope that you adopt  
12 this amendment because I think it meets all the objections  
13 and serves a very good purpose. It is something that has  
14 been part of our law and procedure for a good many years.

15 I know that some of you will object to it  
16 because we are not letting the Court of Appeals legislate  
17 on everything. Some of us think the Court of Appeals  
18 ought to be legislating and doing all these things;  
19 because we haven't given them full sway, they object to  
20 it. This does leave it in the hands of the legislature,  
21 the elected people, and up for approval or rejection.
