

1 DELEGATE JAMES: The Chair recognizes Delegate
2 Lord.

3 DELEGATE LORD: Mr. Chairman, ladies and gentle-
4 men of the Convention, I have the honor of presenting the
5 Minority Report on the subject of education.

6 As Vice-Chairman Wheatley has already suggested,
7 we were badly split on our Committee, and the vote was 8
8 to 7 to report this recommendation to the Floor. The vote
9 is now basically unchanged, although as I understand it,
10 it is 7-7 and 1; so this is about as even a split as you
11 can get.

12 I have been greatly encouraged by the presen-
13 tation of Delegate Wheatley, because before the Minority
14 has even come forth to speak, he has capitulated to a
15 great extent in the great tradition of R and P 2. We are
16 now striking the entire Section 3. I lost count of the
17 number of amendments that were consented to, but it seems
18 to me they were in the neighborhood of seven. I hope this
19 momentum continues and that you continue to follow the
20 lead of the Minority and strike considerably more from
21 this proposed recommendation.
