

1 phrase which I think many of us in this Committee were
2 very much interested in, and yet I didn't hear you say
3 anything about whether or not you intend to include that
4 particular phrase, a governing board appointed by the
5 governor.

6 I wish you would comment on it now for the
7 record, please.

8 DELEGATE LORD: The language is not exactly
9 what you have stated. We will offer, and the first amend-
10 ment offered by the Minority, will be an amendment to
11 substitute our Section 8.03 for Sections 1 and 4 of the
12 Majority Report. The language of the amendment will only
13 differ in one respect from that of the report which you
14 have in front of you, and that is in line 8 of the Minority
15 Report, following the word school, there will be the
16 phrase, headed by a board appointed by the governor.

17 Then, the new sentence will begin, which will
18 say, the State shall also provide.

19 It is an addition of, I think ten words, and
20 I certainly, if I didn't mention it in my presentation, I
21 certainly intended to.
