

1 DELEGATE CASE: Delegate Scanlan, I can't
2 agree with Delegate Rybcznski's statement that section
3 48 of article 3 is exactly the same in substance with
4 the proposed section 3.17ab. And I think in this there may
5 lie the flaw in your amendment.

6 Section 48 in the present Constitution contains
7 an exception for laws dealing with municipal corporations.
8 That was taken out by the committee's recommendation. If
9 we vote to keep old section 48 in the new Constitution,
10 will it not fly in the teeth of the Local Government
11 provisions which we have already passed?

12 THE CHAIRMAN: Delegate Scanlan.

13 DELEGATE SCANLAN: I must confess on that point
14 that Mr. Case is right. I had forgotten that we had
15 eliminated the municipal corporation provision that was
16 formerly found in article 48, and that matter would have to
17 be handled somewhere else if my amendment were adopted.

18 My amendment is not directed at that particular
19 problem, and I think it could be rectified by other language.

20 THE CHAIRMAN: Delegate Chabot.

21 DELEGATE CHABOT: Delegate Case asked my question.
