

1 Barrick. Do you desire to speak further to the amendment?

2 DELEGATE BARRICK: Mr. Chairman, I think it
3 is pretty well self-explanatory. Just a matter of
4 trying to take care of a situation after the great damage
5 to property or life has occurred where you may want to
6 call in the militia to take care of a clean-up sort of
7 deal.

8 THE CHAIRMAN: Delegate Harry Taylor had sought
9 recognition. Does he still desire to be recognized?

10 DELEGATE HARRY TAYLOR: Mr. Chairman, I thought
11 we had some free time. I had a parliamentary inquiry
12 that can wait for a more appropriate time.

13 THE CHAIRMAN: Delegate Gallagher.

14 DELEGATE GALLAGHER: Mr. Chairman, I used
15 the words "is threatened" rather than "may occur" because
16 I thought it was a happier meeting place for between "may
17 occur" and "is imminent," which we discussed earlier today.
18 I felt that the "is threatened" perhaps more accurately
19 conveyed what the sense of the Committee of the Whole
20 might be with respect to the question of "when great
21 destruction of life or property is involved."
