

1 remote situation admittedly, but very possible occurrence
2 where a county may not be satisfied with the redistricting
3 procedure established by the General Assembly, and may
4 desire to petition that particular portion of the law to
5 referendum.

6 THE PRESIDENT: Delegate Koss.

7 DELEGATE KOSS: It would seem to me that
8 in order for it to be subject to referendum under this
9 proposed 2.14, it would have to be a law -- I can't
10 conceive of the possibility of a redistricting law
11 applicable only in one county.

12 THE PRESIDENT: Delegate Sollins.

13 DELEGATE SOLLINS: Chairman Koss, would you
14 accept an amendment to your proposal here, adding "legis-
15 lative apportionment and districting or congressional
16 districting"?

17 THE PRESIDENT: Delegate Koss.

18 DELEGATE KOSS: Delegate Sollins, I am not
19 convinced that it is necessary. Certainly it was not the
20 intent, but I am not convinced that that kind of additional
21 language is necessary.
