

1 Where you have a multi-county governmental
2 unit dealing with more than one county, then it would
3 have, as I said earlier, the general provision for statewide
4 referendum, and/or the absence of that, the provisions of
5 7.08.

6 THE PRESIDENT: Delegate Sollins.

7 DELEGATE SOLLINS: A question to the Chair,
8 please. I think what this amendment is directed at are
9 the exceptions contained in Section 3.23, those dealing
10 with public education and natural environment and
11 resources. Those are the only two occasions that I could
12 see where that would be, this referendum could be
13 applicable, and I wonder if perhaps the Style Committee
14 could not -- I see Delegate Penniman wince. I am sorry.
15 -- could not perhaps redraft this to incorporate the
16 language in 3.23 in an appropriate manner and solve this
17 problem.

18 THE PRESIDENT: The effort has been made to
19 do this for considerable time today, and it was thought
20 it had been accomplished in the latter part of this
21 section.
