

1 Delegate Marion.

2 DELEGATE MARION: Mr. President, had you
3 inserted the words "by law" on line 20 on page 45?

4 THE PRESIDENT: The words "by law" on page
5 45 of line 20 have been inserted.

6 Delegate Marion.

7 DELEGATE MARION: I raise a question about
8 that, Mr. President, because I wonder whether if those
9 words are inserted it would lead to the construction that
10 before a referendum were to be provided on any such
11 law a separate law would have to be enacted providing
12 that such a referendum take place.

13 As I understand the intent, it is to permit the
14 General Assembly to provide in a law pertaining to a
15 popularly representative regional government that the law
16 it enacts be submitted to referendum.

17 THE PRESIDENT: I think the point is well
18 taken. It was discussed. Do you object to the change?

19 DELEGATE MARION: I think so. I would like
20 to see what Delegate Moser has to say, whether he concurs
21 or not.
