

1 facilitate this, and to make it unnecessary for the
2 secretaries in the various offices to prepare the addition-
3 al copies, we have ordered a small Xerox machine for
4 the Clerk's office, so that although the rule will still
5 require five copies, you need only hand to the Clerk the
6 original. It will be immediately Xeroxed to give him the
7 necessary five copies.

8 The reason, several reasons for this, but one is,
9 we find that the secretaries do not always take care to
10 line up the copies, and the result is that sometimes the
11 third and fourth copies, the material doesn't end on the
12 proper lines. So that it is not only unnecessary that you
13 have more than one copy, we request that you give the
14 Clerk only the original.
