

1 ball. There is a lot of good legislation that goes down
2 the drain. There is a lot of bad legislation that slips
3 through. The voters as spectators when the game is
4 over should have a right on election day to determine what
5 players should be traded off before the next game. If
6 we have unicameralism I think the spectators, the
7 people of Maryland, will know who has the ball, and will
8 know who to trade come next election.

9 THE CHAIRMAN: Any other delegates desire to
10 speak in opposition?

11 Delegate Kirkland.

12 DELEGATE KIRKLAND: Mr. Chairman, I might
13 say this: Having been an old football coach, I would
14 sure like to know where Harry Taylor learned his football.
15 (Laughter.)

16 DELEGATE KIRKLAND: I am one who is against change
17 for change's sake. I am truly amazed at this time to hear
18 these people talk for the unicameral system. I think under
19 the present system we have thrived, in fact I think we have
20 thrived extremely well, to the extent that I find that I
21 can hardly find chores for my son to do around my home.
