

1 assistant to each committee. That is, it will be his
2 function to get the report back to the information
3 service at 12 noon each day. Some of the committees
4 have been doing this. All have not. The newspapers
5 not only have agreed to carry this, but they would like
6 very much in the morning edition of the paper to carry
7 the entire schedule of events before all the committees
8 of the Constitutional Convention. Hopefully the late
9 afternoon papers each day will carry the same schedule
10 for the following day if we can get it out in time.
11 Therefore, I request that the chairman of each
12 committee put this down as a must on his calendar.
13 He can assign the duty to his administrative assistant.
14 This is one of the functions of the administrative
15 assistant. He can prepare tentatively a schedule and
16 a little before noon have the chairman of the committee
17 approve it to be sure that it is correct, and then
18 see that it is transmitted promptly by page to the
19 information service. From there on, it will be carried
20 so that it can be handled.

21 A suggestion has been handed to me with
