

1 respect to Delegate Proposal No. 27, but rather than  
2 act on it now, because I have some questions about it,  
3 I would like to consider the suggestion. It can be  
4 acted on later. It is not a question of whether it  
5 should be withdrawn but rather having been withdrawn  
6 it should nevertheless be preserved.

7 I am a bit puzzled because just a few moments  
8 ago I had handed to me what is marked Delegate Proposal,  
9 amendment to standing rules of the convention, not on  
10 the Delegate Proposal form. I understand that this  
11 was distributed to your desks and it is marked  
12 introduced by Delegate Robie. I am not sure what  
13 was the intention. Delegate Robie.

14 DELEGATE ROBIE: Mr. President, I followed  
15 the standing procedure that we had used on previous  
16 amendments, suggested amendments to the rules in this  
17 and inasmuch as I submitted it to the Clerk, I would  
18 like to have it be given its first reading this after-  
19 noon, so that if time permits the Rules Committee can  
20 consider this rules change, and that our two-day limita-  
21 tion can begin starting today.
