

1 make your motion, a note has just been handed to me  
2 stating that the delegates from Prince Georges County  
3 are scheduled to meet with the delegation of teachers  
4 at 1:00 p.m. Could we inquire of someone from that delegation  
5 whether an earlier adjournment would affect that meeting  
6 in any way?

7 Delegate Schneider?

8 DELEGATE SCHNEIDER: Mr. Chairman, I sent the  
9 note up to you. As I understand it, this is set up through  
10 Mrs. Fleury and I guess it is the Public Information  
11 Service, but it would interfere, as I understand it, if we  
12 go to lunch from 12:00 to 1:00 or 1:30, I believe, to make  
13 adequate presentation to the teachers; it would require  
14 probably as much as an hour, since we will have at least  
15 eight substantive committees represented there, so I believe  
16 it would be more advantageous, as Chairman Powers stated,  
17 and it would set a bad precedent for us to change our time  
18 of adjournment or recess for lunch each day, when people  
19 are making plans and schedules based on this.

20 THE CHAIRMAN: The Chair recognizes Delegate  
21 Powers. He has the floor.
