

1 Charles and St. Mary's Counties.

2 THE CHAIRMAN: Any further questions?

3 Delegate Chabot.

4 DELEGATE GILCHRIST: The average is 110,800.

5 THE CHAIRMAN: Delegate Chabot.

6 DELEGATE CHABOT: Would it be fair to assume  
7 then that your proposal would contemplate that where a  
8 senatorial district would include several counties,  
9 that in all probability the House districts would not be  
10 single member districts?

11 DELEGATE GILCHRIST: I do not think this is  
12 necessarily the case. They could be multi-member districts,  
13 or the legislature could adopt the slot system. The  
14 legislature could adopt cumulative voting, or it could use  
15 single member districts.

16 DELEGATE CHABOT: But based upon your answers  
17 to Mr. Sollins and your answers to me, I assume that we  
18 could not have each county having at least one member of the  
19 House of Delegates if we had single member House districts,  
20 is that correct?

21 DELEGATE GILCHRIST: You can come pretty close,
