

1 delegation from one large county to decide to even use
2 the four-to-one ratio, to have single-member districts,
3 a delegation from another district, to decide for the slot
4 system, and another delegation to prefer a multi-member
5 system with residence districts and another a multi-member
6 system with winner take all.

7 DELEGATE GILCHRIST: Of course, the legislature
8 is going to have to determine what this will be. You
9 just participated in one in which you let the legislature
10 have free reign as to anything they wanted to do with
11 it, and this is more restrictive than that.

12 THE CHAIRMAN: Delegate Hanson.

13 DELEGATE HANSON: Thank you, sir.

14 THE CHAIRMAN: Delegate Beatrice Miller.

15 DELEGATE B. MILLER: Delegate Gilchrist, you
16 indicated in answer to a question of Delegate Sollins
17 that it was possible, though not probable, that all
18 counties could be represented under your plan, using the
19 same system. If the most unfortunate circumstance were
20 to happen, how many counties could be unrepresented under
21 that plan?
