

1 DELEGATE GILCHRIST: If you could persuade the
2 people of Somerset close to Wicomico and Dorchester all to
3 vote for the same person from one of the counties,
4 unquestionably you would have three counties unrepresented
5 in that district. The same thing is true if you got into
6 Talbot and Caroline, Queen Annes and Kent, but it
7 seems to me that it is improbable.

8 DELEGATE B. MILLER: How many of the total would
9 there be of such a probability or possibility?

10 DELEGATE GILCHRIST: Obviously you can run into
11 a probability range that would be about 7 or 8.

12 THE CHAIRMAN: Any further questions of the
13 minority spokesman? If not, if he will return to his seat,
14 we will take up the consideration of Amendment No. 5.

15 The Clerk will read the amendment.

16 Before the amendment is read, are copies being
17 distributed?

18 Please strike out the printed language "To
19 Amendment No."

20 Amendment No. 5 to Committee Recommendation
21 LB-1. The Clerk will read the amendment.
