

1 Legislature, ~~and~~ [✓] We felt that in this and other areas of
2 interest, we should be provided with some sort of guide
3 lines and some sort of thinking on this to help us, ~~and~~ **I**
4 occurs to us that there may be other Committees which would
5 have similar interests and might want to send representa-
6 tives to this hearing, or if possible, if enough people
7 were interested, we might have it in a larger hearing room.

8 We do expect to have it stenographically
9 reported, if people are that much interested. The hearing
10 along the general lines, will continue on Wednesday, and
11 if any Committee chairman or Committee members have par-
12 ticular points that they might want to have these gentle-
13 men or others elaborate on, I would be glad to hear from
14 them.
