

1 and the Committee on Rules has considered it. On the
2 other hand, I would not want the delegates to vote upon
3 the issue without the benefit of the committee's report
4 and some time to study it. I wonder if the Chief Clerk's
5 office could make a special effort, even though it is a
6 Friday afternoon, to have that distributed to delegates
7 before we leave today.

8 THE PRESIDENT: The report, I understand, is
9 in the duplicating office. We will make the effort
10 to distribute it to the delegates. It must be
11 remembered, however, that this is very difficult on a
12 Friday afternoon, because many of the delegates leave.
13 We will take the matter up on Monday and decide at that
14 time what to do about it.

15 DELEGATE SCANLAN: Thank you, Mr. President.

16 THE PRESIDENT: The next item on the calendar
17 is consideration of the Second Report of the Committee
18 on Rules, Credentials, and Convention Budget. This is a
19 report which has to do with the adoption of a regulation
20 of lobbyists. The report was received on September 19.
21 You have it on your desk or in your books.
