

1 May I yield to him for further answer?

2 THE CHAIRMAN: Delegate Bradshaw, can you
3 respond further to the question?

4 DELEGATE BRADSHAW: Yes, Mr. Chairman.

5 In further response to the question, the figures
6 we have developed from Dr. Cooper's office show that so far
7 as the localities are concerned there will be shifted
8 from the taxpayers, local taxpayers, to the State taxpayers
9 each year to support the judicial system, including the
10 cost of compensating the localities for existing court-
11 houses and other court-related physical facilities,
12 \$11,063,267 a year. That doesn't mean it is
13 costing that much more. It simply means that figure is
14 being shifted from localities to the State government.

15 By way of further clarification of what was
16 said before, that figure, in addition to that figure
17 is the figure of \$250,000 which Dr. Cooper estimated will be
18 the additional expense involved in upgrading our judicial
19 system and in putting it on a fulltime basis throughout
20 the State at all levels.

21 THE CHAIRMAN: Delegate Rybczynski.
