

1 equipment will be available. We have a problem with  
2 stenographic help. We cannot possibly get sufficient  
3 stenographic help to have an abundance for all the Dele-  
4 gates. We would not have the money to pay for it if we  
5 could get it. We anticipate that some Delegates complete-  
6 ly familiar with the use of dictating equipment would  
7 prefer to do so. We have rented some equipment. We don't  
8 want to rent more than will be used. If you will be the  
9 user of dictating equipment, please let Mr. Martineau's  
10 office know.

11 Forms of proposal can be obtained from the of-  
12 fice of the Chief Clerk. The office of the Chief Clerk  
13 is the corner of the Department of Legislative Reference  
14 room at the desk occupied during legislative sessions by  
15 Dr. Everste<sup>INE</sup>~~in~~. That is the location of the hopper. The  
16 Clerk will be glad to assist any Delegate in preparing  
17 proposals for submission. Under the rules, you will file  
18 the original and five copies of each proposal with the  
19 Clerk. He will arrange to reproduce it immediately, and  
20 copies will be distributed at once to all Delegates to the  
21 press, and to the public.
