

1 reorganization beginning immediately.

2 DELEGATE MORGAN: Without the temporary provision
3 in Section 4.18 and 4.19, the power of the Governor and the
4 power of the legislature would be coextensive. The Assembly
5 could reorganize by statute and the Governor could
6 reorganize by executive order, which would have to be
7 submitted to the General Assembly within the first ten days
8 of the General Assembly, left before the General Assembly
9 for 50 days and not be disapproved by the Majority of the
10 Membership of either house.

11 THE CHAIRMAN: So that it will be abundantly clear,
12 if this were adopted without the temporary provision, the
13 legislature without awaiting the Governor's action at all
14 could enact a statute reorganizing the Executive Branch.

15 Delegate Morgan.

16 DELEGATE MORGAN: That is correct.

17 THE CHAIRMAN: And at the same time, without
18 waiting for action by the legislature, the Governor could
19 by proclamation reorganize the Executive Branch but that
20 would be subject to veto by the legislature within 50 days
21 if submitted at the time prescribed in Section 4.19.
