

1 adopts and these are defined by law and 4.18 is designed to
2 obtain the programming of the law within the General
3 Assembly. The 4.19 is designed to apply to organization
4 only and certainly if you take the word "by law" out of
5 4.18, you are giving the Governor the power to change the
6 programs of the State; the substantive law will go far
7 beyond any organizational power and it would be a grievous
8 blunder to take the law out of 4.18. It would expand the
9 power of the Governor over the departments to include every
10 program in the State regardless if it is under the guise of
11 reorganizing the executive department to make it a more
12 efficient operating department. This would be a destruction
13 of the whole concept.

14 THE CHAIRMAN: Delegate Case.

15 DELEGATE CASE: I point out to Senator James he
16 bases this on the words "functions, powers and duties of
17 the executive offices", and then in 4.18, the exact same
18 words are in 4.19, "functions, powers and duties". When you
19 come to line 34, where these changes, meaning functions,
20 powers and duties, are going to be changed in some way, the
21 Governor is given the right to do it. I am not arguing for
