

1 to the Committee on State Finance and Taxation.

2 Let me say in connection with that, the reason
3 for the action is this. Delegate Proposal No. 23 also deals
4 in general with the subject of post-audit review. It is
5 debatable whether post-audit review, if provided for in
6 the Constitution, would be a function of the Executive
7 Branch or of the Legislative Branch.

8 I therefore referred it to the Committee on
9 State Finance to consider the entire subject matter and make
10 such recommendations as it chooses to the Convention.
11 However, I have also requested the Chairman of that Com-
12 mittee to act jointly with the Chairman of the Committee
13 on Executive Branch and the Committee on the Legislative
14 Branch as a liaison committee so that the members of all
15 three committees will be fully conversant with what is
16 happening with respect to the proposals.

17 There are sixteen proposals today, No. 261
18 through to 276.

19 Delegate Proposal No. 261. The Clerk will read
20 the proposal.

21 MR. QUILLEN: Delegate Proposal No. 261, by
