

1 secret ballot last night. I simply believe that it is
2 highly desirable that the legislators be here, and that we
3 know how as many of them as possible feel about an issue
4 which is before them, so that if there are a great number
5 who do not want to vote, they should not be able to pass
6 a bill.

7 THE CHAIRMAN: Delegate Hanson.

8 DELEGATE HANSON: No further questions.

9 THE CHAIRMAN: Any further questions of the
10 minority spokesman?

11 If not, he will return to his seat and we will
12 consider the amendment to be offered by the minority.

13 Delegate Gilchrist, the Chair understands that
14 to implement the minority report you propose to offer
15 similar amendments to Sections 3.13, 3.16 and 3.17, is
16 that correct, sir?

17 DELEGATE GILCHRIST: That is correct.

18 THE CHAIRMAN: So that we will have the matter
19 before us I will have all three amendments distributed at
20 this time, although we will consider them separately. The
21 pages will please distribute Amendments AC, AD, AE.
