

1 sincerity or her purpose nor do I believe any of us want
2 to do other than what she thinks and says in this regard.

3 However, now we come to religion, and then I
4 expect old age, then I expect sex, then I expect economic
5 status and social status and on we go.

6 Now, I believe we have covered fully and effect-
7 ively and completely the question of religion and creed
8 in the section 2. I would therefore strongly urge not
9 only that you eliminate the word "creed" but I would make
10 the amendment that we eliminate the word "religion" from
11 this.

12 Let's keep this on the question of color and
13 racial discrimination. I have no objection, no real ob-
14 jection if it will psychologically help the people of that
15 minority race in their feelings to have in here this lack
16 of discrimination clause of race, color or national
17 origin.

18 I do object strenuously to adding anything
19 else. I therefore hope this amendment will be defeated,
20 the amendment to the amendment.
