

1 a competing power company would like to offer its ser-
2 vice in an area covering an existing one, wouldn't they
3 be placed in an unfair competitive position?

4 DELEGATE WEIDEMEYER: If one power company
5 wanted to come in and take over the line of another, I
6 don't think the legislature would grant it, because
7 there you would have a question of an already-existing
8 franchise.

9 This only covers, as I think, new ones, and when
10 you get into that area, you get into an area where a
11 private corporation would be asking for power to take
12 over somebody else's property for similar use, that were
13 using it similarly.

14 DELEGATE CLARK: Any further questions of
15 Delegate Weidemeyer?

16 The Chair hears none.

17 Your amendment hasn't been distributed yet, has
18 it?

19 DELEGATE WEIDEMEYER: I think not, Mr. Presi-
20 dent.

21 DELEGATE CLARK: That is Amendment E, isn't it?
