

1 DELEGATE CLARK: Does that satisfy you,
2 Delegate Wagandt?

3 DELEGATE WAGANDT: If this is on the record and
4 Mr. Penniman understands this to be the case, it is fine
5 with me.

6 DELEGATE CLARK: The Chair recognizes Delegate
7 Needle.

8 DELEGATE NEEDLE: Mr. Chairman, I suggest that
9 this matter has been resolved by this Committee by voting
10 in favor of the amendment No. 10. We indicated that we
11 wanted for this section to be applied by the General
12 Assembly by public general law and even though amendment
13 No. 10 was defeated I suggest that this Committee has
14 expressed its desire for the benefit of the Committee on Style
15 and Drafting.

16 When the Committee on Preamble and Personal
17 Rights drafted Section 7, they didn't know whether by
18 law would mean general law or whether it would permit
19 general variations.

20 I submit this Committee has indicated that they
21 want for this to be applied by public general law.
