

1 of it, I was going to inquire of the Chair whether or not
2 a proper method of proceeding parliamentary based upon what
3 I seem to recall as to similar situations in which we have
4 been involved in the past would be to have Delegate
5 Macdonald introduce his amendment and then have Delegate
6 Moser introduce his amendment and whichever way that ended
7 up we would vote up or down. That way all the amendments
8 would have a chance of getting consideration by the House.

9 THE CHAIRMAN: The Chair has been briefed on
10 the situations which have developed. As I understand,
11 Amendment No. 13 has been ruled in order. The Chair
12 concurs. It is open for discussion. Delegate Macdonald's
13 amendment may be offered as a substitute for Amendment No.
14 13. If it is rejected, Amendment X may be offered as a
15 substitute depending upon the action. We can vote and
16 move forward.

17 The matter now before us is Amendment No. 13.
18 It appears to be introduced by Delegate Kiefer, but the
19 Chair was advised that Delegate Willoner will speak to the
20 amendment.

21 Delegate Willoner, you may proceed.
