PLENARY SESSION

NOVEMBER 22, 1967—5:40 P.M.

**PRESIDENT H. VERNON ENEY,
PRESIDING**

THE PRESIDENT: The Convention will now come to order.

Will the Clerk please ring the quorum bell?

On behalf of the Committee of the Whole, the Chair reports the Committee of the Whole has concluded its consideration of Committee Recommendation JB-1, that it reports Committee Recommendation JB-1 as approved with amendments. The Committee reports JB-1 is referred to the Committee on Style, Drafting and Arrangement.

The Chair further reports on behalf of the Committee of the Whole that it has under consideration Committee Recommendation GP-4; that it still has it under consideration and it desires leave to sit for further consideration.

The Chair has a few announcements to make. Since this morning I have been able to talk by telephone to Delegate Cleveland, and I am sorry to report to you that he is in considerable pain with trouble in his back irritated by persistent cough, but I am happy to say that aside from the pain, the situation is apparently not serious.

He hopes and the doctors hope as soon as the cough subsides and the inflammation

in the back subsides, he will be able to return and he hopes this will be early next week.

I also wish to announce to the Convention that the Chair is much more tolerant of the Convention employees than it is of the Convention delegates, and it has granted them a holiday tomorrow and Friday without having assigned any homework.

The Chair also wants to announce that this is the last day for seven of the pages, I mean the last day of their second tour of duty. I understand they are sad because they will not be able to return, but I would like the Convention to indicate its happiness and its gratitude to them for two, two-week periods of exceptionally fine service.

(Applause.)

One personal note on behalf of the Chair: my sincere thanks for a very, very hard-working Convention, and my best wishes to you for a very happy few days' holiday.

Are there any announcements by Committee Chairmen?
