

of the various committees I have assigned the two Vice-Presidents to each of four committees and myself to each of three committees. We are designated as liaison members and although as such will be voting members of the committee to which we are assigned, these assignments are primarily made in order to coordinate the work of the committees. I plan to coordinate further the work of all committees," et cetera.

In other words we were on notice. On the other hand, as the sponsors of Resolution No. 18 pointed out, this language was not language in the rules although the Rules Committee was very much aware of that language when it met on the eve of the Convention on September 12.

So we were on notice. On the other hand, there are strong substantive arguments the other way which indicate whatever justification might have been in the Congress for serving and voting on more than one substantive committee, that the situation is perhaps different in the Convention and the Convention has already at least indicated some feeling on this subject.

In our Committee there was substantial feeling that the Committee should take no action on the merits but a motion to that effect failed three to six and after that vote we voted to recommend favorably the adoption of Resolution No. 18 by an eight to one vote in the Committee. Therefore, the Committee's recommendations are as follows. That Resolution No. 18 be adopted and secondly that Rule 28 [29] be amended in the two respects that I previously mentioned to the Convention.

THE PRESIDENT: Delegate Scanlan, I am not clear on the recommendation as to the resolution. The resolution in its original form or as it was amended or in what form?

DELEGATE SCANLAN: Forgive me. There were certain amendments to the resolution made in the Committee and accepted by the sponsors of the resolution, I believe. First let me call attention that the resolution in its original form will already be amended through Delegate Gallagher's amendment which struck lines 6 and 7 on page 2 of the original resolution. In other words, it eliminated its retroactive aspects.

The Committee recommends that Resolution No. 18 be adopted as follows: that lines 1, 2, 3, 4, on page 1 be retained; that lines 6 through 21 be stricken, that is the

whereas clauses; that in line 23 the words "regardless of" and line 24 "his official capacity" be stricken.

So the whereas clauses would now read, "Resolved that each delegate shall have only one," words and figures, "substantive committee and be it further resolved that the three delegates presently voting on more than one committee shall continue to be liaison members to other committees but shall not be a voting member except on the one committee to which they are assigned to exercise their vote."

The words "and be it further" are stricken. I believe they were stricken under Delegate Gallagher's amendment last week anyway.

THE PRESIDENT: Bear with us just a moment. There seems to be some problem with the tape recorder.

Thank you for your patience. The Convention will please come to order. Delegate Scanlan, I take it that you propose to make two motions, one dealing with amendment to Resolution No. 18 and the other dealing with an amendment to Rule 28 [29].

DELEGATE SCANLAN: That is correct, Mr. President.

THE PRESIDENT: Let us take up first then the amendment to Resolution No. 18. As the Chair understands it, the Committee proposes to amend Resolution No. 18 by striking all of lines 6 to 21, inclusive, and the words "regardless of his official capacity" in lines 23 and 24 and the words "and be it" on line 3 at page 2, all of lines 4, 6, and 7 on page 2. Is that correct, sir?

DELEGATE SCANLAN: In addition, Mr. President, forgive me, I did not mention this before, that in line 29 the word "substantive" be inserted to precede "committee." Again at line 25, page 1, again in line 1 of page 2, the word "substantive" be inserted to precede the word "committees" and again on line 2, page 2, the word "substantive" to precede the word "committee."

THE PRESIDENT: I believe the last changes you mentioned, Delegate Scanlan, were adopted as amendments when the resolution was before the Convention several days ago.

DELEGATE SCANLAN: If so, they are superfluous and we withdraw them.

THE PRESIDENT: The question arises on the adoption of the amendments to
