

tion of the delegates whether it is contemplated that the consideration of Committee Recommendation LB-1 will be extensive; that is, extending for a full day?

DELEGATE GALLAGHER: Mr. President, I would say that it is realistic to assume that it will go longer than a single day. The presentation itself of the report, plus the Chairman's quiet advocacy of the report, may take some time before the minority even gets a chance, at which time one would hope that perhaps the ball game might be over in certain respects.

THE PRESIDENT: Delegate Singer?

DELEGATE SINGER: I had a question to put to the Chairman.

Mr. President, I have a question to ask of the Chairman of the Committee on Calendar and Agenda as to how long a period of time had been allotted to debate on Committee Recommendation LB-1?

THE PRESIDENT: Delegate Powers, can you answer the inquiry?

DELEGATE POWERS: The answer to that question is that at the present time, we hope to complete the disposition of that Committee Recommendation before we adjourn tomorrow evening. That has been worked out by agreement with representatives of the majority and minority on the debate limitation, and that is our goal for tomorrow. Incidentally, we will have to follow goals like that for the rest of the meeting or we are going to be in serious trouble.

THE PRESIDENT: Delegate Bard?

DELEGATE BARD: Mr. President, would it be in order to amend the motion so that we start tomorrow at 12, and thus we would have an opportunity to spend the morning reading, going over the authorities, and at the same time those who were overly concerned about the responsibilities in Baltimore would be able to do both? I offer this as a compromise position.

THE PRESIDENT: I do not think the motion would be in order at this time. If the present motion fails, you will be able to offer that as an amendment to the primary motion.

DELEGATE BARD: I would really be interested and more concerned if the present motion passes.

THE PRESIDENT: The Parliamentarian thinks that the Chair could permit you to make the amendment either way,

either as a secondary amendment to the amendment now pending, or in the manner I indicated.

DELEGATE BARD: I would prefer to make it as a secondary or tertiary amendment whichever it may have to be.

THE PRESIDENT: State your amendment.

DELEGATE BARD: Mr. President, I move that we convene tomorrow at 12:00 noon.

THE PRESIDENT: I take it that is a motion to amend the amendment to the primary motion, to provide that the Convention adjourn until 12:00 noon tomorrow, Tuesday, rather than 10:00 A.M. Wednesday. Is there a second?

*(Whereupon, the motion was seconded.)*

THE PRESIDENT: Is there any discussion of that amendment? Delegate Murphy?

DELEGATE MURPHY: Mr. Chairman, I rise in support of Delegate Vecera's motion. In Baltimore City we may have eleven very important votes tomorrow, and any help the Baltimore City Delegation can give to the people back home to get them out, is that much better for Baltimore City, so please, I request the body to support Delegate Vecera.

THE PRESIDENT: Delegate Chabot, you have already been heard on the other amendment. You are now speaking on Delegate Bard's amendment?

DELEGATE CHABOT: I would like to inquire of the Chairman of the Calendar and Agenda Committee with regard to a statement that he made before.

THE PRESIDENT: State your inquiry.

DELEGATE CHABOT: The Chairman had indicated that the schedule that had been prepared by the Calendar and Agenda Committee, in order to permit us to complete our work within the allotted time already contemplates meetings on at least two Saturdays. I would like to inquire as to whether the schedule assumes a December 12 adjournment or whether the schedule contemplates the possibility of our using the additional month provided in the enactment?

THE PRESIDENT: The Chairman of that Committee has heretofore stated that his schedule was based on compliance with the enactment, to be finished by December 12, and I think he has already answered your question.
