

this Convention has already voted upon, I wonder if in the interest of time and proper review if the sponsors of this amendment would not withdraw it for the present and take another look at it and bring it back. We could then get on with approving Committee Recommendation S&E-1 realizing that there will be another opportunity to amend this entire section. (*Applause.*)

THE CHAIRMAN: I take it this is a gentle hint to sponsors of the amendment. Will the sponsors yield for a vote?

DELEGATE GILCHRIST: Mr. Chairman, I was in the process of discussing another point with Judge Sybert and missed the inquiry.

THE CHAIRMAN: The inquiry in substance is that it appears this is a substantially good amendment but has certain defects. Do you want to proceed with further explanations? Delegate Gleason.

DELEGATE GLEASON: What I said, Mr. Gilchrist, was there was one provision in this amendment that disturbed me which was its relation to power of suspension if in fact the General Assembly does go into a five-month session. I note also the amendment does eliminate section 1 of the committee proposal which I am not overly disturbed by but which this Convention has already approved by a very narrow vote. My request was, inasmuch as we are going to have another opportunity to look at this provision, whether you would consider letting this matter go for the present, have it go to the Style Committee, get back here, and have a further opportunity to look over your amendment so we can take further action at a later date.

DELEGATE GILCHRIST: I would be willing to accept that suggestion.

THE CHAIRMAN: The problem before the house—

DELEGATE GILCHRIST: In that event it solves it.

THE CHAIRMAN: Does Delegate Gilchrist withdraw the amendment?

DELEGATE GILCHRIST: I will withdraw the amendment under the circumstances.

THE CHAIRMAN: Are there any further amendments to the Committee Recommendation S&E-1? If not, the question before the house is adoption of Committee Recommendation S&E-1 as amended by the Committee of the Whole. Are you ready

for the question? The Clerk will record the vote. Has everyone registered his vote? The Clerk will take the vote. There being 113 votes in the affirmative, 5 in the negative, Committee Recommendation S&E-1 is adopted by the Committee of the Whole.

The Chair recognizes Delegate Powers.

DELEGATE POWERS: Mr. Chairman, I move the Committee of the Whole rise and report the action taken with respect to Committee Recommendation S&E-1 with amendments and report further that we have not concluded our consideration of the remainder of the general orders and propose to resume tomorrow.

THE CHAIRMAN: All in favor of the motion, say Aye; contrary, No. The Ayes have it. It is so ordered.

*(Whereupon, at 9:54 P.M. the Committee of the Whole rose, and the Convention reconvened.)*

*(The mace was replaced by the Sergeant-at-Arms.)*
