Which Petition was granted

William Ballant was at work at James Munders and one night as he was at work in Mall
 came into the house of Munders and fell down by me as he was at work, he did murder as he
 a foot, he made answer again and so he did, saying that man meaning me calling me Rogus made me
 also made it his business to goe from house to house to ruinate me, my wife and children for ever. Just
 answer is it J. M. Starbough. and he replied and said ay you you Rogus, for whitt doing its why you
 made my wife whipp to whipp you, and I answered if ever I have abused at any time, or to any body
 hearing, I will give you full satisfaction to your own Content. You strike first
 he gave me a blow on the face saying it was no more.
