To the re-direct interrogatory filed :

A. No, sir.

The above has been read to me and is correct.

JOSEPH W. H. TILGHMAN.

Written and attested to by Henry Page, *Clerk*.

Addison Hayman, witness produced on behalf of Claimant being duly sworn, answered and says :

1st. How long have you resided in Somerset county and how long have you been a voter, and where did you reside in 1865 ?

A. Thirty-seven years; sixteen a voter; last year lived in district No. 5.

2d. Did you or not apply for registration as a qualified voter to the Officers of Registration of your district, or did you make any effort to be registered? if yea state what you did and with what result?

A. The first time I went the registers did not sit in the afternoon having adjourned to make room for some meeting in the Court-House, and I didn't get to see them, the second time I went, I was told it was the last of their published days for meeting, but they were not there, and I heard that one was sick and another had broken his collar bone; I went to the Court-House, their place of meeting but they were not there, went again on the day I understood they would sit to make up for the days they lost, but did not find them.
