

Governor appoints two for two years from the first Monday in May. (Ch. 123, 1898, Sec. 572.)

The boiler inspectors shall give six days' notice in writing to each owner or renter of a steam boiler, or the engineer or person in charge, of the time when they will inspect, and such owner or renter shall have such boiler ready for inspection, in compliance with the requirements of said notice, and shall furnish such assistance as the inspector may require, under a penalty of fifty dollars for failure or neglect, and a further penalty of fifty dollars for each day any boiler is used without a certificate of inspection.

It shall be the duty of each inspector, once at least in every year, to inspect all stationary steam boilers of three-horse power and upwards, used within the limits of his district.

EXAMINERS OF STATIONARY ENGINEERS.

(All Terms Expire 1916.)

Name.

Postoffice.

Examiners:

James Gardner.....Baltimore
 Charles E. McCleary.....Baltimore

Governor appoints two for two years from the first Monday in May. (Ch. 123, 1898, Sec. 426.)

This Board has general supervision over all stationary and portable engineers and it is its duty to examine all applicants who apply for a license and issue such license to all who are proficient. The applicant receiving a license pays to the Board three dollars and one dollar and fifty cents for each renewal, which renewal must be made annually.

All persons above the age of twenty-one years who desire to fill a position as an engineer must secure a license before he can enter upon his duties.

It is the duty of this Board to investigate all charges against engineers running engines without a license and also charges of intoxication for which, upon conviction before a Justice of the Peace, the violator shall be fined not less than twenty-five dollars nor more than fifty dollars. The Board has power to annul certificates for intoxication while on duty.

It is also the duty of the Board to visit all steam plants wherein licensed engineers are employed and ascertain if such plants are being run with proper skill and care.

To summarize: It is its duty to see that all engineers operating power plants or portable engines have licenses and to examine all applicants for licenses. It also visits the various plants to see that licensed men are in charge.
