Chapter 506 of the Acts of 1916 provides that the Governor shall appoint the members of the State Board of Education as follows: Before the first Monday in May, 1918, three members for terms of seven, six and five years; in 1920, two members for terms of six and seven years, and in 1922, two members for terms of six and seven years from the first Monday in May next succeeding their appointment, thus creating a Board, after 1922, of seven members, one appointed annually for a term of seven years from the first Monday in May, next succeeding the appointment. The Governor and State Superintendent of Schools are no longer members of this Board.

The State Board of Education selects a State Superintendent of Schools, and through him and his assistants, has general control of the Public School System of the State. The Board is a legislative body, and, as such, enacts by-laws and prescribes rules and regulations for carrying into effect the provisions of the school laws. These by-laws and rules include regulations for the construction of school buildings, for grading and standardizing all public schools, for the certification of public school teachers, for taking the bi-ennial school census, and for a uniform series of forms and blanks for the use of county superintendents, school officials and teachers.

The State Superintendent of Schools is the executive officer of the Board. The members of the State Board of Education and the State Superintendent of Schools are *ex-officio* trustees of the State Normal Schools.
