

xxix

State, to vaccinate all children in the circle of his practice which may be presented to him for vaccination, within one year after birth, if such child shall be in proper condition for such service, and he shall vaccinate all other persons not previously effectually vaccinated, who shall request such service from him. Any physician neglecting or refusing so to do, shall, on conviction thereof, forfeit and pay for every offence a penalty of five dollars.

FORMULA BY WHICH TO CALCULATE TEACHERS SALARIES.

[See By-Law, Sec. 4, page 14.]

- Let. a = minimum salary, for School of 15 pupils.
 b = additional pay for each pupil over 15, where the average ranges from 15 to 25.
 c = additional pay for each pupil over 25, where the average ranges from 25 to 35.
 d = additional pay for each pupil over 35, where the average ranges from 35 to 60.
 m = excess of pupils over 15.
 n = " " " 25.
 p = " " " 35.

The salaries will then be computed as follows:

- School of 15 pupils, the salary = a .
 " from 15 to 25, " = $a + mb$.
 " " 25 to 35, " = $a + mb + nc$.
 " " 35 to 60, " = $a + mb + nc + pd$.

For the purpose of informing the Commissioner of the condition of the Schools in his District, each teacher shall prepare a monthly report according to the following form, and deliver it at the close of each month.

He may add, under the head of remarks, any topic to which it is important to direct the attention of the Commissioner.

No blank forms are furnished for the Monthly Reports.
