

No. 10.

WHEREAS, an exhibition of the mineral, botanical and agricultural products and all the works of art and science of the world is soon to take place in the city of Paris, the capital of France, and the State of Maryland being richly endowed with these products, therefore,

Assented to
Mar. 13, 1867.

Resolved by the General Assembly of Maryland,
That the Governor of the State of Maryland be and he is hereby authorized to select and appoint one or more persons as a Commissioner or Commissioners, who may collect and receive all specimens, samples, models and drawings of all minerals, coal, ores of iron, copper and zinc, and other metals, also all varieties of fire clays, kaolins for fire brick and porcelaine, and also all samples of woods for ship timber, and naval architecture and stores, and other manufacture, and also all works of art and science which may be exhibited, according to the rules and regulations of the aforesaid exhibition; *provided*, that the said service shall be executed without charge to the State of Maryland of any fee or salary, and that such person or persons shall be acquainted with the French Language, enabling him or them to give the fullest explanations and descriptions of same to the Judges of the said exhibition.

No. 11.

Resolved by the General Assembly of Maryland,
That his Excellency, the Governor, be and he is hereby requested to issue a commission in the usual form to the Honorable Philip Francis Thomas as Senator, to represent the State in the Congress of the United States, for the term of six years from the fourth day of March, eighteen hundred and sixty-seven.

Assented to
Mar. 13, 1867.
