The paramount duty of the Dental Board, as provided by the Dental Practice Act of this State, is to regulate the practice of Dentistry in Maryland by testing the qualifications of candidates.

It requires that all applicants for license shall be 21 years of age and shall be graduates of dental colleges duly incorporated to grant degrees in Dental Surgery by the laws of one of the United States.

Two annual examinations are held—lasting three days each—one being in the month of June, the other in November. The examinations are both theoretical (written) and practical.
