

MARYLAND COMMISSION ON HIGHER EDUCATION

The Legislature of 1929, by Chapter 56, provided that the Governor should appoint a commission of seven members to report to the Governor and the General Assembly of 1931 its recommendations relative to what should be the future policy of the State in the field of higher education and to formulate a program for carrying out and financing such policy. To this end the commission is to investigate the present and future needs of the University of Maryland and the extent to which the same should be met from State funds, University receipts and outside sources, respectively. The commission is also to investigate the present and future needs of all colleges and institutions for higher education which receive State aid, and recommend what it considers should be the relationship between each one of these and the State. It is the duty of the Commission to give special consideration to the relationship between the University of Maryland and the University Hospital, and the State's policy, financial and otherwise, towards such hospital. The members of this Commission are:
