The 102 scholarships which are awarded to the several counties and the legislative districts of Baltimore City are to be awarded to deserving young men without means of securing a technical education who must be graduates of approved high schools. Where there is more than one applicant for any scholarship, there must be a competitive examination and the Senator from the particular county or legislative district of Baltimore City must certify as to his financial need, etc. The scholarships to be awarded from the colleges are to be awarded on scholastic standing as certified by the President or other executive officer of the college. These scholarships are limited to the Engineering School and include free tuition and exemption from all laboratory, library and graduation fees, as well as purchase of books. One of said scholarships for each county and each legislative district of Baltimore City, except the Fifth and Sixth, which were created after the passage of the Act, is to be known as a "Senatorial scholarship" and carries with it the payment of \$200 per year, in addition to tuition, etc.

St. John's College

Chapter 111 of the Acts of 1908, 315 of the Acts of 1878, and 208 of the Acts of 1894 provide for a scholarship from each county and each legislative district of Baltimore City, including tuition, board and room rent, and one scholarship from each county and each legislative district of Baltimore City for tuition only. There are 29 scholarships, including tuition, board and room rent, and 29 scholarships for tuition only.

The scholarships for the several legislative districts of the City of Baltimore and for Dorchester, Kent and Queen Anne's Counties are awarded after competitive examination by St. John's College, with the approval of the Senator from the respective legislative districts and counties; the scholarships for the other counties are awarded by the several county boards of education, with the approval of the Senators from the respective counties.
