

The 102 scholarships which are awarded to the several counties and the legislative districts of Baltimore City are to be awarded to deserving young men without means of securing a technical education who must be graduates of approved high schools. Where there is more than one applicant for any scholarship, there must be a competitive examination and the Senator from the particular county or legislative district of Baltimore City must certify as to his financial need, etc. The scholarships to be awarded from the colleges are to be awarded on scholastic standing as certified by the President or other executive officer of the college. These scholarships are limited to the Engineering School and include free tuition and exemption from all laboratory, library and graduation fees, as well as purchase of books. One of said scholarships for each county and each legislative district of Baltimore City, except the Fifth and Sixth, which were created after the passage of the Act, is to be known as a "Senatorial scholarship" and carries with it the payment of \$200 per year, in addition to tuition, etc.
