By Chapter 797 of the Acts of 1943, the membership of the Board was increased from seven to nine, and the Governor was authorized to designate the Chairman and to arrange the terms of the members so that they would hold office for staggered terms of six years, the terms of three members expiring on June 1st of every second year.

This Act declares the State Department of Public Welfare to be the central, coordinating and directing agency of all welfare activities in the State, including Aid to Dependent Children, Old age Assistance, Public Assistance to the Needy Blind, General Public Assistance, Child Welfare Services, and any other welfare activities financed in whole or in part by the State or Federal Government.

In each county there is a County Welfare Board, constituting an administrative department of the local government, with authority to administer under the supervision, direction and control of the State Department, the welfare activities within such county, including the care of neglected, dependent and delinquent children, and the rendering of probation service to juvenile courts or other courts having jurisdiction over minors.
