

to examine all applicants for registration as "Registered Nurse" and to issue the proper certificate. It is also the duty of the Board to examine applicants for the license "Licensed Practical Nurse," and to issue the proper certificate. A register of the names of all nurses registered and licensed is kept open to the public. The Board visits hospitals, inspects training schools, and concerns itself with the course of study and nursing education carried on in these schools. For sufficient cause, the Board, by a majority vote, may revoke any certificate (Code 1939, Art. 43, secs. 287-296).

At the present time, the Board is engaged in an extensive survey of the "whole practical nurse situation" in the State. It is encouraging War Veterans who are in a position to be applicants for "Licensed Practical Nurse." The Board is revising its curriculum and bringing it back to normal after the accelerated war program. It cooperates with the "National League of Nursing Education" by contributing to its test pool and using its examinations and with the State Board of Education by making practical use of its Equivalent Examination.

BOARD OF ELECTRICAL EXAMINERS AND SUPERVISORS

President: Raymond C. Beck, 1949

William H. Miller, Treasurer, 1949; George Winters, 1949;
William H. C. Beaty, 1949.

Earl R. Westendorf, Secretary, 1949

201 Old Town Bank Building, Baltimore 2 Telephone: Plaza 2492

The Board of Electrical Examiners and Supervisors was established in 1906. The Board is composed of five members appointed by the Governor for terms of two years. Two members of the Board are appointed from a list of nominees submitted by the Electrical Contractors' Association; one must be a journeyman electrician; one member is nominated by the Association of Fire Underwriters; and one is nominated by the Chief of Municipal Electrical Inspectors of the City of Baltimore. The Board examines all persons for certificates of proficiency as a Master Electrician. No person, corporation, or firm is permitted to install electrical lighting or wiring, or conductors used for electrical heat, light, or power, except under the supervision of a duly certified Master Electrician. The Board is also empowered to adopt rules and regulations with regard to the placing, installing, and operating of electrical wires, appliances, and apparatus in Baltimore City. The Board meets twice weekly in the City of Baltimore. (Acts 1906, Ch. 244).
