The Board of Hairdressers and Beauty Culturists was created by an Act of the General Assembly in 1935 (Code 1939, Art. 43, sec. 480). It is charged with the responsibility of examining, licensing and registering all persons engaged in or teaching hairdressing or beauty culture. By promulgating rules and regulations governing the conduct and sanitation of hairdressing and beauty culture, it is the duty of the Board to prevent the spread of contagious and infectious diseases. Members of the Board are appointed by the Governor for terms of three years. Members must be citizens of the State of Maryland, must have at least five years' practical experience in hairdressing or beauty culture, but cannot be members of nor affiliated with any establishment or concern manufacturing or selling merchandise or commodities used in hairdressing or beauty shops, nor be directly or indirectly connected with any school of beauty culture. No two members who are graduates of the same school of beauty culture shall serve at the same time.

The Board appoints a secretary who shall not be a member of the Board. It also employs a chief inspector. In connection with prohibiting any illegal practice, the Board may conduct hearings, compel the attendance of witnesses, and administer oaths. Examinations are held every three months, under the supervision of three Board members. Examinations are both written and practical; the written examination is held in one of the high schools of Baltimore, and the practical examination is held in one of the beauty shops. All beauty shops and schools are under the supervision of the Board in all matters pertaining to health and sanitation.
