

Pollution which had been designated to study the problem of water pollution in 1945. The Commission is composed of seven members, three of whom are appointed by the Governor for a term of six years, except that of the first three appointed one shall serve for two years, one for four years, and the third for six years. The other four members are the Director of the State Department of Health, the Chairman of the Board of Natural Resources, the Director of the Department of Game and Inland Fish, and the Director of the Department of Research and Education. The Chairman, who must be one of the appointed members, is designated by the Governor.

The Commission has the power to pass such regulations as are necessary to prevent the pollution of the streams and waters within the State. The Agency studies and investigates all sources of stream pollution; it may request or suggest that known polluters take proper steps to correct the situation. Should any request or suggestion not be complied with, the Commission may order that the request be fulfilled within a definite period of time. Any polluter who has a complaint or feels a specific hardship in complying may receive a hearing before the Commission. The department has collected data in regard to stream pollution in the various regions of the State and municipal sewage disposal, and is currently making a survey of industrial waste disposal. The agency maintains, at The Johns Hopkins University, a Laboratory for the purpose of determining the amount and cause of water pollution through chemical and bacterial analysis (Code 1947 Supp. Art. 19A, secs. 29-34).

The Maryland State Fair Board is composed of nine members appointed by the Governor for a term of three years. However, of the members of the present Board, three were appointed for one year, three for two years, and three for three years from July, 1947. It is the function of the Board to encourage and foster agriculture through the promotion and assistance of bona fide agricultural fairs and exhibits. Financial assistance is extended to qualifying organizations for premium awards to exhibitors of agricultural displays (Code 1947, Supp. Art. 2A, secs. 16-18).
