The Maryland Workshop for the Blind is a State Institution, incorporated in 1908 (An. Code 1939, Art. 30, sec. 8). Control is vested in a Board of five Trustees, three of whom are appointed by the Governor, with Senate approval, and two are elected by the Board of Directors of the Maryland School for the Blind.

The Workshop is conducted for the training and employment of all adult blind citizens of Maryland. It operates through departments—Industrial, which manufactures medical items, textile materials, brooms, mops and also teaches chair caning; Home Service, which provides training for the blind in their homes and aids them in their personal adjustment to blindness; and the Vending Stand Department which licenses and establishes vending stands in many of the public buildings of the State.

In addition to these services, the Workshop is a distributing agent for the U. S. Government owned talking book machines and provides white canes, without charge, to blind persons.
