

Live Stock Sanitary Service

The Live Stock Sanitary Service was established in 1916 succeeding the Live Stock Sanitary Board. The agency is charged with the responsibility of preventing the introduction of diseases of animals or poultry from outside the State and the control and eradication of such diseases within the State. The Service is further responsible in cooperation with the State Department of Health for the suppression of diseases of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are furnished at the main laboratory at College Park and in the branch laboratories located at Baltimore, Centreville, Frederick, Hagerstown and Salisbury (Code 1939, 1947 Supp., Art. 58).
