

plomas from medical schools offering medical education equivalent to that given in approved medical schools of the United States. Each candidate from a foreign medical school is considered individually. The qualification for practice is determined either by written examination given by the Boards, or by recognition of a license obtained after a written examination in a reciprocating State, or by endorsement of a certificate of the National Board of Medical Examiners (Acts 1949, Ch. 682). Examinations are held in June and December of each year.
