The Anatomy Board is an ex-officio body composed of the heads of the anatomy departments of the University of Maryland Medical School and The Johns Hopkins University School of Medicine and one additional instructor of anatomy from each of the medical schools. The purpose of the agency is to insure the fair distribution of bodies to qualified medical schools. These bodies are of deceased persons required to be buried at public expense. Such bodies are used only for the promotion of medical science within the State of Maryland. If, however, the body is claimed for burial by relatives, it is surrendered for interment (Acts 1949, Ch. 669).

Appropriations, 1951—\$3,000.
